

How to Load LUT?

Step 1: Click the combo box in LUT Selection module.

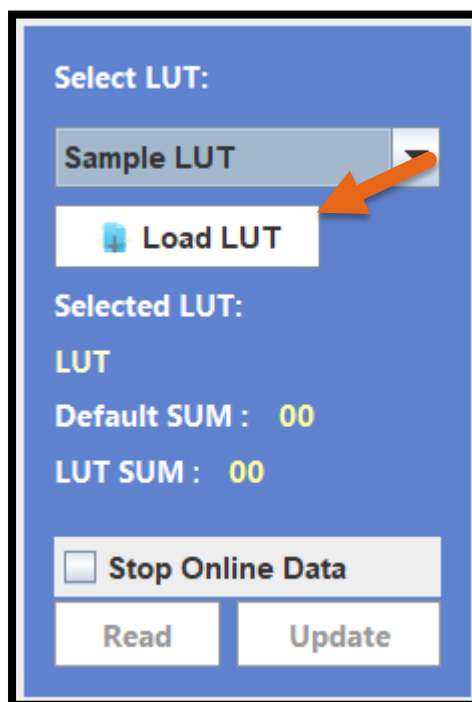

The screenshot shows a software window titled 'Select LUT:'. It contains a dropdown menu currently displaying 'Sample LUT'. An orange arrow points to the dropdown arrow on the right side of the menu. Below the dropdown is a button labeled 'Load LUT' with a small icon. Further down, the text 'Selected LUT:' is followed by 'LUT'. Below that, 'Default SUM : 00' and 'LUT SUM : 00' are displayed. At the bottom, there is a checkbox labeled 'Stop Online Data' and two buttons, 'Read' and 'Update'.

Step 3: Choose the LUT file from the drop down menu.

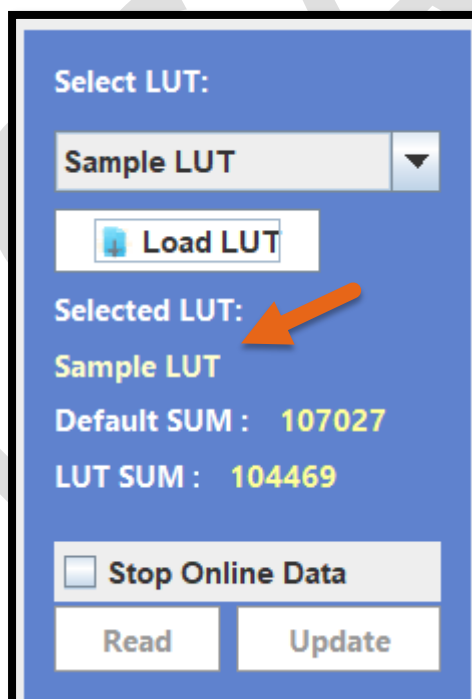

This screenshot shows the same 'Select LUT:' window, but the dropdown menu is open, displaying a list of LUT files. The list includes 'Sample LUT', 'PVPL Passenger', 'PVPL Cargo', 'Atul Passenger', 'Atul Shakti', 'MLR Passenger', 'MLR Cargo', and 'Baxy Passenger'. An orange arrow points to the dropdown arrow on the right side of the menu. The 'Load LUT' button, 'Selected LUT:' text, 'LUT' text, 'Default SUM : 00', 'LUT SUM : 00', 'Stop Online Data' checkbox, and 'Read'/'Update' buttons are also visible.

Step 3: After Selecting the LUT, click the Load LUT button.

The screenshot shows a blue dialog box titled "Select LUT:". It contains a dropdown menu with "Sample LUT" selected. Below the dropdown is a button labeled "Load LUT" with a blue icon. An orange arrow points to this button. Below the button, the text "Selected LUT:" is followed by "LUT". Underneath, "Default SUM : 00" and "LUT SUM : 00" are displayed in yellow. At the bottom, there is a checkbox labeled "Stop Online Data" and two buttons, "Read" and "Update".

Note: After LUT loads Selected LUT, Default SUM and LUT SUM will change accordingly.

The screenshot shows the same blue dialog box after the LUT has been loaded. The dropdown menu still shows "Sample LUT". The "Load LUT" button is still present. An orange arrow points to the text "Selected LUT:", which now displays "Sample LUT". Below this, "Default SUM : 107027" and "LUT SUM : 104469" are displayed in yellow. The "Stop Online Data" checkbox and "Read" and "Update" buttons remain at the bottom.

16-digit Cal-ID will be generated automatically.
